

Pressing date for Crannog

THE CRANNOG Centre by Kenmore yesterday held its first Crann-apple and Cider Festival.

The event was aimed at families and others with a glut of eating apples who are unable use them.

Apple expert Andrew Lear, of Bankfoot, was on hand to identify species and offer advice.

● Pictured with apples to be pressed are Crannog director Barrie Adrian and Mr Lear with visitors Anna MacDougall (8) and brother Tom (6), of Kettins.
