# Insight into life of red deer

THE IMPORTANCE of red deer to Highland Perthshire will be the topic of a presentation to be made at Castle Menzies, near Aberfeldy this evening from 7.30pm.

The event was organised as part of Wild Connections,

a new festival designed to showcase the area's potential as a wildlife tourism destination.

The talk will feature Rob Cope from the Forestry Commission Scotland.

During the presentation, he will take audiences

through the rut and post-rutting behaviours of red deer stags, as well as providing an introduction to their ecology in Scotland.

Tickets are available at the door and cost £10 for adults, with free entry for children.

Wild Connections, which launched last weekend, will run until Sunday and offers a selection of events for wildlife enthusiasts.
